SYMBIOSIS INTERNATIONAL (Deemed University)

Symbiosis Centre for Information Technology, Pune

Brief introduction about mentor-mentee and Mock GD-PI

Key elements of the mentor mentee program are as follows:

- All students-mentees are assigned a mentor faculty
- Students are assigned randomly to avoid conflict of interest
- Mentor mentee assignment happens at orientation beginning of the academic year
- Mentees are required to meet their mentors for any issues problems
- The program found useful because many students usually have several queries related to their career, selection of specialization courses, preparation for placement, etc.

Mock GD PI

We also have career counseling – soft skill (GD-PI) development program for the junior batch students from the students of senior batch. Students found this initiative very useful because lot of their queries related to how to face interview, How to prepare for the interview are solved and that really helps them in getting good placements.

The senior batch students who are placed in good companies and having good communication and technical skills are involved in this process.

Many students from junior batch take advantage of this initiative.
