Dear Sir/Madam,

We at the Symbiosis Centre for Emotional Wellbeing (SCEW) are happy to present to you the programme details for World Mental Health Week 2020.
This includes details of the final showcase and panel discussion event taking place on the 10th of October 2020.

Our SCEW Head, Dr. Girija highlighted in a previous email to the entire Symbiosis family, the importance of Mental Health Awareness and the impact that mental health has on our quality of life especially in challenging times like the Covid Pandemic.

In reference to this, we would like to **encourage participation and request for the following poster with included registration link to be shared with all students of your Institute.**

To express our collective commitment to mental health we also humbly request for the academic schedule to remain free between 2:00- 4:00 on 10th October to allow for maximum participation for the final showcase and panel discussion by eminent speakers from the field.

We look forward to a meaningful interaction in the coming days.

Kind regards,
**Team SCEW**

Dear all,

*Warm greetings from Symbiosis Centre for Emotional Wellbeing.*

**This is a gentle reminder to register for the 'Support groups ' this week on 28th May,3.30pm**

Since many of you had registered for the support group on 'Dealing with Pandemic Fatugue', we have continued the same theme for this week too.
However, we have observed that despite registering, not many are able to actually attend.
I am curious to understand the reasons.
You can write privately to me on head_scew@siu.edu.in or call me at 866 998 7065 (between 9am to 5 pm) as to what are your difficulties in attending despite registering. We would love for you to be able to take out some time for yourself and would want to help you in case you are having trouble doing so.

**Please find attached the Poster and the link for the session.**
**Do let all your students know and your colleagues too if you find them struggling.**

Thanks and Regards,
Dr Girija Mahale
Head, SCEW

Dear Sir/Madam,

Greetings from SCEW!

We are glad to share that we will be conducting our next Group Therapy Session for students on 28th October 2020, Wednesday.

Attached below is the *poster* that we at SCEW request you to **disseminate among your students** *along with the* **message below** and also request you to kindly *keep us in bcc (scew.event@siu.edu.in).* The poster contains the *registration link* for the **Mind Katta Group Therapy Session** and the *session details.*

Thank you for your kind and continuous support.

---

Dear Students,

We are excited to have you back for our sixth session of **Mind Katta** which is our Group Therapy Initiative for Students by SCEW.
You will find the link for the registration process for the session in the attached poster along with the other session details.

Hope to see you all there and looking forward to facilitating this Group Therapy session for all of you!

Kind regards,
Team SCEW

# GUEST LECTURE COMPENDIUM

**SYMBIOSIS**
CENTRE FOR INFORMATION TECHNOLOGY

## ACADEMIC YEAR 2020-21

SCIT

![Symbiosis International University - Symbiosis Infotech Campus]

## ABOUT THE COMMITTEE

With an aim to increase knowledge and awareness amongst students on various topics, the Guest Lecture Committee invited industry leaders and experts to share their knowledge with the students so that they learn about real-life experiences and challenges in the industry. With everything moving online due to the pandemic, the Guest lecture Committee has come up with e-Talk Series 2020 where they conduct guest lectures online. Apart from the frequent guest lectures, the Guest Lecture Committee also hosts a flagship event called Integrity and Ethics Conclave where eminent speakers from all across the industry are invited to celebrate and highlight the importance of integrity and ethics in all walks of life.

# OUR MENTOR

## Dr. Shaji Joseph
Faculty Member,
Symbiosis Centre for Information Technology

The Guest Lecture Committee - ITBM of SCIT has always been trying to awaken and appeal to the values of our students to become more environmentally and socially conscious citizens. I take pride in being a mentor of this committee which according to me, endeavours to create awareness and influence their feelings and encourage them to behave more ethically and value-based. I hope the student interaction through different competitions and the conference discussions will help the student orient themselves to become more responsible.

SCIT

*"The delicate balance of mentoring someone is not creating them in your own image, but giving them the opportunity to create themselves."* — *Steven Spielberg*

# ABOUT CORPORATE CHARCHA

The Guest Lecture Committee (ITBM) of Symbiosis Centre for Information Technology is proud to announce 'Corporate Charcha' -a Panel Discussion Initiative which aims to stimulate conversations between experts on topics relevant to the industry. This event will act as an open forum for the students to ask questions and get their viewpoints clear on the current happenings in the industry. We plan on making this initiative a legacy by making it an annual event for the upcoming years. This year the event has been hosted in online mode due to the Covid-19 norms.

## ABOUT THE THEME

### DATA PROTECTION AND PRIVACY IN THE NEW VIRTUAL NERWORKING ERA

The new virtual networking era has created different possibilities- right from remote access to distributed information resources and communication between users through virtual environments, cloud services, social media, etc. These possibilities, under the garb of globalisation, make users create their profiles with personal data and publish this data. The big question - Is this data protected definitively? The answer is related to data privacy & data protection and determines the monetary loss as well as the reputation of the organization in question.

## OUR SPEAKERS FOR THE EVENT

**Mr. Karthik Kumar**
Manager - IT Strategy

**pwc**

**Mr. Vikas Goyal**
IT Security Director

FIS

**Ms. Rehana**
Senior Consultant

**EY**

**Mr. Vishal Kalro**

# ABOUT INTEGRITY AND ETHICS CONCLAVE

Every year, the Guest Lecture Committee (ITBM) of Symbiosis Centre for Information Technology hosts a conclave called 'Integrity and Ethics Conclave'. This conclave is a flagship event where industry leaders and experts, as well as students and corporate professionals from all over the nation, come together on a single platform to celebrate the need and importance of Integrity and Ethics not only in the workplace but also in everyday living.

## INTEGRITY AND ETHICS 5th EDITION

### Our sub-themes of the event

**SINESS CIPHER**

Digital Human Rights        Binary Safekeeping

Global Dgital Products Integral Incorporation

The theme of the 5th Edition of the Integrity and Ethics's conclave was 'Sinless Cipher - Collaboration for Better Surveillance'. The United Nations Secretary-General's Roadmap for Digital Cooperation was the inspiration behind the theme for this year's conclave. With everything moving online due to the pandemic, the vulnerabilities are at an all-time high. Even after the increasing benefits due to digitization, there are numerous challenges that are encountered such as violation of human rights online, cybersecurity threats, and the digital divide. As per the Roadmap put up by the Secretary-General of the United Nations, there are 8 key areas of action. 4 of these 8 key areas of action are the sub-themes of our event.

## SPEAKERS OF INTEGRITY AND ETHICS 5th EDITION

**Mr. Subbu Iyer**
Founder & CEO

HREEMM

**Mr. Chandra Kumar**
(Keynote Speaker)
Digital Consulting
Leader

**Cognizant**

**Mr. Sateesh Rai**
Chief Data & Analytics
Architect

**Mr. Osama Manzar**
Founder & Director

DEF

**Mrs. Satyavathi Divadari**
Chief Cyber Security
Architect

MICRO FOCUS
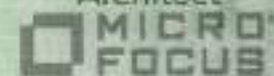

## INTEGRITY AND ETHICS 4th EDITION

The theme for the 4th edition of Integrity and Ethics was 'Rethinking Development - Act Responsible, Think Sustainable'. The theme highlighted the needfor a holistic development in a sustainable way to build self-sufficient and functioning nation. It majorly focussed on the 17 Sustainable Development Goals put forth by the United Nations.

# OUR e-TALK SPEAKERS FOR 2020-21

**Mr. Kalpesh Vyas**
Engineer, Influential
speaker & Personal coach

## Skills to excel

The session was about goal setting and how you can achieve something in the future with proper planning and time management. He talked about how your "Why" is more important than "How" only then we can learn some skills based on "Why". Also, he emphasized that mistakes at the early stage are good in that way you can learn and not repeat those mistakes in the future. Excel to skills, aspect of time management, goal setting were the key highlights of the session.

**Mr. Subhajit Deb**
Global CISO, Data Privacy
Leader

**Dr.Reddy's**

## State of Cyber Security in 2020

Mr. Subhajit Deb articulated the cyber threat at Global Level. He talked about data breaches, cyber-attacks, and third-party vulnerabilities. He also emphasized the need for skilled persons to identify these types of attacks. He suggested the cybersecurity field has a lot of opportunities in different cybersecurity domains. He also mentioned the key roles an organization must have to succeed.

"As a parting thought Mr. Subhajit Deb suggested developing a mindset to learn every day and learn how to articulate technical risk into business risk then you will do wonders in the security field."

**Mr. Sandeep Das**
Director-Management
Consulting, Author,
Columnist

**pwc**

## Succeeding in technology-enabled roles in the upcoming decade

To prepare students for the upcoming new normal world Mr. Sandeep Das shared some key trends across the industries that are likely to be impacted post the COVID pandemic situation. As the millennial consumers are concerned about safety, the focus would be more on hygiene and emerging paranoia now. Mr. Das also shared how careers are probable to evolve in this decade. He also encouraged people to invest more time in themselves, where students could engage themselves in activities such as reading newspapers, biographies, etc. which would enrich one's knowledge and perspective of future decision making.

SCIT

### How voice will change the future - Forefront of Voice revolution

**Mr. Nitin Sharma**
Head PMO,
APAC - Talent acquisition
**amazon**

Having a diverse professional background, Mr. Nitin Sharma highlighted an insightful mental model, motivating his career growth. It revolves around the following objectives of life: Life-long learning to not become redundant is one of the keys to success. It's not a short event but a process to experience throughout one's life. We should inherit the nature of learning through our experiences. Our performance should be supported by intellectual curiosity and motivation to learn something new.

## September 2020

### Deep diving into IT Compliance

**Ms. Mani Keerthi N.**
Security Lead
**BALLARD**

Ms. Mani Keerthi explained that IT is taking appropriate control of how and protecting information including how it is obtained and stored, how it is secured and is available (how it is distributed internally and externally and how data is protected). Today the role of IT compliance continues to grow as the electronic sharing and storing of information impacts departments such as finance, human resource, and operations that all depend on the services of IT in their information gathering, dissemination, and reporting.

### Entrepreneurship and social impact in the post-Covid world

**Dr. Abhinav Mathur**
Founder & Chairman
MILLION
SPARKS
FOUNDATION

Mr. Mathur spoke about how baffled he was when he started his journey as an entrepreneur He started his career as a government employee, switched to Dot Net as a programmer, further worked with spice mobility .but at the back of his mind he always wanted to be an entrepreneur, wanted to start something of his own as he had a spark of doing something out of the box.
He enlightened us by telling us that there were a lot of hardships that he experienced during his journey as an entrepreneur.

### Agile and DevOps Way of Working

Mr. Patil spoke about Covid-19 and how it is affecting the industry. He shared data insights of multiple companies and the model they are using to face the pandemic. He compares the approach taken by the companies mainly differentiating the Waterfall vs Agile. He also focused on DevOps and its 3 stage conversation. He also discussed the bottlenecks and possible ways of how they can be removed. Concluding that the world is struggling to stay on pace with the pandemic, practices like Agile and DevOps are more in demand. DevOps is a mindset or a methodology that needs to be adapted to ensure maximum efficiency and productivity.

**Mr. Rituraj Patil**
Senior Analyst
Tetra Pak®

### Breaking into Product Management

Mr. Venugopalan spoke about product management and discussed where does a manager fit in the company, how a product manager relations should be with customers, he discussed some product management roles like how a product manager should say no. He explained about product building, and achieving goals.

**Mr. Vinay Venugopalan**
Technical Product Manager
6IX
0ERO
5IVE

### Preparation tips for Management Consulting roles

Mr. Subramanian spoke about Understanding Third-Party Risk Management dimensions and frameworks. He briefed us about third-party associations. He also shared in-depth practical knowledge about third-party ecosystem challenges, Third-party management framework, assessment converge. He also discussed Key components of a third-party risk management framework. He then moved to the KPMG TPRM-outlook survey and also discussed TPRM in the covid era.

**Mr. Subramanian N**
Executive Director
KPMG

## How RPA is transforming HR

Mr. Shubham Tripathi explained how RPA is used for screening and selection of a candidate reducing the manual work of selecting individual profiles. He also explained that now-a-days us LinkedIn is used to screen the candidates based on the number of experiences without manually searching for candidates. He concluded that RPA automation can be used to ease key HR processes and activities. RPA can be utilized at all stages from Hire to Retire.

**Mr. Shubham Tripathi**
Senior Manager HR

Apollo
HOSPITALS

## How to build products the agile way

An alumnus of IIT Bombay and IIM Ranchi, Hemanth Kumar is an experienced product leader who specializes in driving vision and roadmap for businesses. He is passionate about launching products that satisfy customer needs and create tangible impact. Among Hemanth's specialties include Product Management, Product Marketing, Product Strategy and Customer Experience.

**Mr. Hemanth Kumar**
Technical Product Manager

airtel

## Effective career management for women

She has worked for over 14 years in corporate India, of which the last six years have been in leadership roles. In these years She has interacted with over 200 mid-senior women professionals to understand what has made them stay in the workforce. She has also been running a women's professional networking forum in Bangalore for the last three and a half years to help women with aspects such as negotiating for a promotion or better pay, managing child/elder care and work, returning to work after a break and tackling bias and harassment at work. These are issues women can face irrespective of their educational qualifications or family backgrounds.

**Ms. Archana Venkat**
Director & Head of
Marketing

**Deloitte**

## November 2020

**Mr. Deric
Karunesudas**
Director of Cyber
Security

**BT**

### Big 4 myths, Startups, Thinking Big!

Mr. Deric explained the Why, How and What of Big 4's. Then he talked about the key points which are usually confused in the corporate society. He further talked about his journey across organizations and the IMP (Initiate, Metal, People) principle he follows. He emphasized the importance of bias for action to accomplish end goals, courage to take up new challenges and the importance of leadership with empathy. Mr. Deric then concluded with the magic and importance of thinking big. He stated that everyone should take up at least one challenging task each day to keep up his learning pace.

## December 2020

**Mr. Srinivas
Mukkamala**
CEO & Co-Founder

**RISKSENSE**

### Cyber Security Evolution and GTM

Mr. Srinivas Mukkamala introduce the software movement in numbers. He spoke about ransomware attacks, data leaks and breaches and making the deadlines and the root cause for the same. He also explained the state of software security and RiskSense Inc.'s Vulnerability Intelligence. In the final lap, he explained how to initiate a continuous cyber risk management program. He also took the audience through ongoing security assessment and penetration testing.

**Mr. Vinay Yadav**
Software Engineering
Manager
**amazon**

### Product Lifecycle Management

Mr. Yadav spoke about the Product life cycle wherein he gave a complete overview as to how one can identify the gap between current customer behavior and future goals by creating products for having a better life. He demonstrated the production process and gave a brief outline of the complete product life cycle. He also explained a few key points for the same which are - (Start, Sustain, Scan, and Stop). In the end, he even gave the idea of the roles which can be offered in the Product Lifecycle.

## January 2020

**Ms. Dhariya Gangwani**
SAP Management Consultant

**KPMG**

### Preparation tips for Management Consulting roles

Being an SAP Management Consultant herself, Ms. Dhairya Gangwani guided the audience on how to prepare for management consulting roles. She first showed how a career in management consulting looks like. Further, she shed some light on the recruitment process for management consultants. A brief explanation was also given on the types of interviews an individual might face viz. Fit or Behavioral Interview, Interviewee-Led Interview, etc. She also guided the students on how to crack these interviews.

## February 2020

**Mr. Apoorv Tripathi**
Key Account Manager

**Rahi Systems**
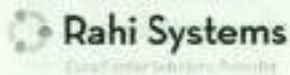

### International Sales and Consumer Behaviour in 2021 and beyond

The speaker gave detailed insights on various aspects of Sales such as understanding the customer, the buying and selling process, the dos and don'ts for a salesperson, different types of closings, etc. He also made the audience aware of different sales roles and the difference between each. Mr. Tripathi also shared his valuable experience in the final part of the session.

**Mr. Gaurav Makhija**
Director - Aftermarket
Sales & Service Operation

**VIDEOJET**

### Diversity & Inclusion, New normal in Service, and Service as a Market Differentiator

Mr. Makhija first spoke about the mission and vision of his organization and the major factors that help his organization achieve its goals. He also gave the audience a fair idea of how to realize their goals. He next demonstrated, via a group exercise, how to write a perfect Job Description. Furthermore, he explained the dimensional frames of reference i.e., Conscious Bias, Unconscious Bias, and Stereotype. He concluded the session by explaining the key drivers of exceptional customer experience.

## Introduction to data visualization in Python

**Mr. Sanchit Balchandani**
Lead Software Engineer
<epam>

Mr. Balchandani spoke about data visualization and how it has become a key skillset in the IT industry. He said that similar to full-stack development, data visualization is critical, crucial, and the need of the hour. He then moved on to the basics of Python and how it can be used to visualize data.

**March 2020**

## Acing GDPI

**Mr. Naveen Chandran**
Contriver
**Skill Safari**
&
Keys

Mr. Naveen Chandran has a history of working with the e-learning industry. Being an expert of mentoring in preparation for interview or group discussion, he explained some key points to excel the GD-PI. He also explained what companies expect from an employee in the recruitment process. He emphasized that one should do thorough research about job role and job description before appearing for an interview. Companies look for teamwork skills, Communication skills, and interpersonal skills So prepare good examples to present these skills in personal interviews.

## Driving Experience Business in VUCA world

**Mr. Pranav Kumar**
Senior Manager
Adobe

Mr. Pranav Kumar gave insights about the VUCA world strategy as well as the key component in the current digital transforming world. He also talked about customer value and the outcome based on KPIs. He emphasized that the business decision should be taken according to customer experience.

**Ms. Nidhi Shetty**
Senior Manager
Morgan Stanley

## Technology Risk and Audit

Ms. Nidhi Shetty gave insights about the complete scenario of understanding the basics of technology risk. She also explained that technology plays an important part in auditing and how it helps in the risk of financial loss of an organisation. In addition to that, she also shed some light on the recent headlines about various technical glitches.

**Ms. Arunnima Chauhan**
Senior Business Analyst
accenture

## Trade Monitoring

Mrs. Arunnima Chauhan explained about regulatory fines, risk signature, spoofing, layering, and trade compliance ecosystem. She also highlighted that as a Business Analyst, you should have knowledge of the business and the system along with that technical knowledge is also required so that a BA can easily work with the whole team.

**April 2020**

**Mr. Rohan Gaikwad**
Head of Business Management
△arcon

## Role of the Digital Evidence in Cyber Crime

Mr. Rohan Gaikwad first elaborated on the history of digital forensics after which he talked about a few cybercrimes. He also spoke about cybercriminals in general and the state of cybercrime in India. The Digital Investigation Process Model was also explained by him.

**Mr. Abhay Maheshwari**
Business Consultant
ZS

## Leveraging Program Management skills to 'soft power' your way in the organization

Mr. Abhay Maheshwari explained about the various methods and tactical steps for the students to prepare for the Program Manager role. He also explained the various phrases or interpretation of the responsibilities which are subjective to the company.

# TESTIMONIALS FROM OUR SPEAKERS

"Thank you so much for inviting me to be your Speaker for today in your Guest Lecture series. I'm much pleased with the way the talk has been organized. It really is an honor to interact with the faculty and students of SCIT." - Hemanth Kumar, Product Manager at Airtel Africa

"Appreciate the opportunity given to interact with bright minds at SCIT. Thank you all for taking out time on a Saturday and attending the session. Special thanks to Shaji Sir for all his guidance and support. Looking forward to collaborating with you." - Apoorv Tripathi, Key Account Manager at Rahi Systems

"Overall the experience was satisfying, and the students had come prepared for this lecture as the questions they come up with were quite good and thought about." - Subramanian N., Executive Director at KPMG India

"It was my honor and pleasure to speak with everyone. I greatly hope that everyone gained some insight and will consider pursuing this career path." - Vinay Venugopalan, Technical Product Manager at 605

"Everything was very planned and streamlined. The meeting links, feedback forms and the letter of appreciation were delivered in due time. It was a pleasure being a guest speaker for SCIT." - Dhairya Gangwani, SAP Management Consultant at KPMG India

"Thank you for the opportunity and invitation to share my thoughts. Great feeling for me to come back as an alumni and talk to students. Really enjoyed it. And also the entire event was well planned. Great coordination by the entire team. Thank you." - Deric Karunesudas, Director of Cybersecurity at British Telecom Singapore

"Unlike some of my previous sessions, I found the students very clued into the discussion and asking practical questions. Some of the questions posed by your students today are usually asked by mid-career women in my workshops. So I am glad they are thinking about the future." - Archana Venkat, Director and Head of Marketing at Deloitte Touche Tohmatsu India

"The overall experience was superb! Thanks for providing me this wonderful opportunity for the purpose of knowledge sharing!" - Rituraj Patil, Senior Analyst at Tetra Pak

# FROM THE SENIOR'S DESK

Guest lecture committee is the one committee which has continuous work for bringing experts from the industry to help the fellow colleagues learn what is required to be in an industry. From in campus guest lecture to online etalk we have never stopped in bringing experts from industry. We have done almost 36 guest lecture including both for the seniors and the juniors . We have started with two big event one being the annual conclave on integrity and ethics in the odd semester and Corporate Charcha a panel discussion in the even semester . In the two year of mine being the guest lecture committee we have changed the way the committee was and what it is today . It was always fun to being part of this committee as it has always helped me learn and learn. The journey with the committee was phenomenal and will always stay with me as my achievement in my portfolio. I hope that the spirit of the committee continues and it reaches new heights.
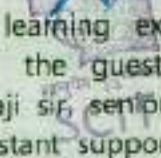

- Gaurav Gupta

Guest lecture committee has come a long way in times of Covid in redesigning, restructuring and adapting to the new methodologies needed to conduct operations remotely. And the junior team of guest lecture committee has carried out this transition in such a phenomenal way that they have set a standard not only for their batch mates but also for the future batches of SCIT. From conducting at least one guest lecture every week, accounting to 32+ guest lectures in an academic year to continuing the legacy of our conclave with successful events for participants from all over the nation, they did not stop, they went on to conduct a brand new event " Corporate Charcha" A panel discussion initiative which has motivated so many to keep going forward and achieve new heights.
I am really proud of the Guest Lecture Team and feel privileged to be part of such a team. The team of 2021-23 will be very lucky to have mentors like them.

- Tushar Bansal

With each leaves shredding, there comes a new one. The shredding leaf is an epitome of maturity, experience and knowledge where as the new one is full of energy, keen to learn and enthusiast to create something new. Name any technology today and a speaker is ready to enrich you with knowledge. That is what Guest Lecture Committee does. And it was an interesting journey to know people from many dimensions and horizon of technology, idea and knowledge. Connecting to speakers, arranging talks, catering to the needs of the student community of SCIT was a wonderful experience. Each day was something new, new leaders to connect and new challenges to address. Being a member of Guest Lecture Committee was a joyful moment to cherish forever. As time and tide waits for none, so we have come to a wonderful beginning. A beginning when an era comes to an end with some happy note, some memories and stories and which marks the new beginning. The almighty, SCIT will see many more leaders yet to come, the hall of fame will be enlightened and so the Guest Lecture Committee will remain as the phoenix, contributing to knowledge and wisdom.

- Manish Kumar Majumdar

It has been a wonderful learning experience experience being part of the guest lecture committee. All thanks to Shaji sir, seniors and the committee members for constant support through out. By collaborating with technology experts for guest talks, and being part of events hosted by team, it has given me immense opportunity to expand my knowledge base, staying more relevant with the technology aspects and events.

- Nidheesh S.
