

**Symbiosis Centre For Information Technology (SCIT)**

**R & D Dissertation MBA-ITBM, Batch 2020-22**

<b>Student Name</b>	<b>Research Topic Name</b>
Hemachander Arivazhagan	User Perceptions of Privacy in Cloud Computing
Abhiraj Rajale	Application of AI & ML: Talent Acquisition
Abhishek Sharma`	Genral study of social media on society
Akshay Jain	A STUDY ON WHEN BLOCKCHAIN AND ONLINE SOCIAL NETWORKS COMES TOGETHER
Anik Mukherjee	A study on implementation of blockchain in digital payments
Arindom Dutta	Bibliographic Analysis of Big Data in Social Networking
Arushi Seth	A study on the Employees' Intentions to use Voice Assistant Devices to augment Official Tasks
AYUSH VERMA	Study on Perception of users on right for privacy in social media platform
Bakuli Riya Anjankumar	Ephemeral Content in Social Media – The Future of Customer Engagement with Brands
Swarika Bhosale	Sustainable Human Resource Management Practices Using Cognitive Computing – A Fuzzy Analytic Hierarchy Process Approach
Chesta Dashora	Adoption of Fintech for enhanced financial inclusion
Deepan Dutta	A study on the mediating effect of digital transformation in enhancing customer experience in the omni-channel market
Ashwita Vithoba Dhoke	A Study on 5G Technology: Challenges with 5G and Future of 5G
Esha Rastogi	Marketing automation for digital transformation: A Review
Garima Chauhan	Steganography and Blockchain are Pillars for maintaining Privacy and Security for the National Digital Health Data of Ayushman Bharat Digital Mission scheme
Gobinda Singh	A STUDY ON RISK ASSESSMENT APPROACH TO ORGANISATIONAL THREAT MITIGATION
Haritha Dileep	A Study on the Effect of Brand Equity on Consumer Behavior in Apparels
Himangi Sheode	Use of IoT in Banking for Product Management and Planning
Jai Upadhyay	Geospace observation of natural hazards
Kansha Gupta	A STUDY ON THE USER ADOPTION OF GRAPHICAL PASSWORDS TO ENHANCE SECURITY IN SOCIAL NETWORKING SITES
Kodidasu Surya Harivardhan	A systematic literature review on the issues and effects of Persuasive Technology and their moral responsibilities, design and influences
Krutarth Dave	How will Quantum Computing impact Cloud Security and change the IT and network security landscape in the next 5 years?
Jaison Jacob Malayil	A Study on Forming a 5G Implementation Strategy for Developing Countries
Manjusha Patel	A STUDY ON SMART AGRICULTURE MONITORING SYSTEM USING IOT
Mayank Kataria	Evolution of NPC and in Game Environment
Mihir Yadav	User Acceptance of Autonomous Vehicles
Naman Shukla	The Impact of COVID-19 on the Cyber Security Sector
Niranjan Gandhi	Understanding the Users' intention to use the Three-Factor Authentications for Preserving the Privacy of Patient data
Pallavi Kumari	Study of Factor Influencing Consumer Acceptance of Hydroponic Agriculture
Ekta Patel	A study on effects of Augmented Reality on online shopping.

Student Name	Research Topic Name
Priyanka Kumar	Importance of Online Reviews and Segregating them into different age groups
Tasmay Rachhadia	Threat Investigation with the use of Sentiment Analysis in Log Mining.
Rucha Revdekar	IMPACT OF AUGMENTED REALITY EXPERIENTIAL MARKETING ON CUSTOMERS CONTINUOUS INTENTION TO USE IN THE RETAIL MARKET
Ritu Bansal	Determinants of the adoption of wearable digital healthcare devices by senior citizens
Rupali Phatak	Impact of Consumer buying behavior towards 'Kadha Supplements and Herbal Tea' based OTC Immunity Boosting Products during Covid-19 Pandemic.
Sakshi Mishra	EMPLOYEE BENEFITS: RETIREMENT SAVINGS SHORTFALL IN INDIA
Sayali Sunil Pawar	A STUDY ON IMPACT OF CHATBOT USAGE ON CUSTOMER ENGAGEMENT, RETENTION AND BUYING BEHAVIOR IN DIGITAL MARKETING SECTOR
Shivam Bansal	A study on Digital Twin Adoption and its Challenges
Shreya Gandhi	Consumer inclination towards embracing Mobile Health
Shubham Kumar	Blockchain Adoption in ERP Systems for Manufacturing Industry
Nagesh Sirsat	PROMOTION OF RENEWABLE ENERGY IN RURAL INDIA
Souvik Pyne	Understanding the factors contributing to the risk of Malware attacks during the Covid-19 pandemic.
Subhajit Ghosh	Understanding human behaviour towards Cyber-bullying and reason for continuation of such practices
Sudipta Nayak	Literature Review on Internet of Things for Home Automation
Susmita Paul	Intrusion Detection System in IoT to prevent cyber-attacks in organizations
Taher Unwala	Blockchain based e voting system
Vishwas U Mahadimane	Digital Rupee: The Future of transactions and investments in India?
Abhay George	The Impact of 5G Technology on Life
Abhisek Bhattar	A Bibliometric Analysis of Packaging: Enticing red or tranquil blue
Achala Agrawal	Increase in Employee Motivation through Upward Feedback
Amit Shanbhag	Ascendancy of gamification on cognitive ability tests in recruitment.
Anjali Gupta	Exploring college student's vulnerability to social engineering through social networking sites
Arnab Roy	A Critical Review on Data Privacy on Social Media
Awantika Gusain	Understanding impact of covid 19 induced online learning process in India.
Ayushi Aeran	Women workforce in India: Factors preventing their work participation in IT service sector
Binisha Vijay Shah	Covid'19 Challenges in the Indian IT industry- Systematic Literature Review
Chetan Pande	Information Security and Privacy in Internet of Things (IoT)
Sumit Deshmukh	Hardware Analytics to prevent Frauds And Hardware Attacks
Diksha Gujral	Critical Review on Security Analytics and its cyber exploitation
Eshvaran R A	IoT Healthcare Application's Adaptive Cybersecurity Framework
gazel doshi	Challenges in adopting DevSecOps Systematic Review
Gundu Vamsikrishna	Sustainable Supply Chain Management (SSCM) and Its Influencing Factors in Indian Manufacturing Industry – Empirical Research
Harsh Maheshwari	THE ROLE OF BLOCKCHAIN IN CYBERSECURITY GRID IN CRYPTO CURRENCY EXCHANGE

Student Name	Research Topic Name
Udit Kaushal	Future scope of biometric recognition for smart home security system
Kokil Shrivastava	Impact Of Autonomous Cars on Indian Society as The Future of India
Lakshita Bhawnani	Animal Psychology and Technology Impact on Animal Welfare Sector
Vishal Malkani	Integration of Robotic Process Automation with Purchase and Supply Management
Manu Priya	Analysis of cyberlaws across the globe
Medha Mukherjee	IoT Based Solid Waste Management System in India
Mohini Roy Chowdhury	Trend Analysis of cyber-attacks on the financial sector: Bibliometric Analysis of the Literature
Naveen B	Comparative Study Of Digital Wallets Market In India & Other Countries
Omkar Patil	Effect of Blockchain on Financial Sector
Manthan Pandya	Study the Economic Impact of Data Privacy and Protection Regulations
Pavithra Singh Tuteja	Social Engineering: Exploitation & Prevention
Pranali Anil Chavan	A study on Impact of cyber threat on social media
Prateek Pandey	A Study on Decoding the Disruption of Digital Payment System in India
Rajalaxmi Swain	Use of sentiment analysis for prediction of security breaches through social media
Ria Jaiswal	Nepotism and Favoritism at Workplace – A Study of its Impact on Organisational Commitment
Rituraj Choudhury	DIFFUSION OF E HRM IN INDIAN COMPANIES
Sagnik Das	The role of Industrial Internet of Things (IIoT) in establishing smart factory.
Sakshi Varshney	Normative Influence on Household Waste Separation
Harshil Shah	A study on factors, challenges affecting the Indian Startup Ecosystem: Complete Lifecycle of Startup
Shivesh Shankar	Impact of Covid-19 on the Indian Banking Sector.
Shreya Mathur	Addressing Privacy Challenges in Datafication Model of Organizations
Shubhi Shrivastava	The Social and Psychological Impact of Covid-19 Coronavirus Pandemic on Air Travellers
Smriti Sharma	Combating cyber terrorism in financial services sector
Sramana Roy	Cyber Security with Automation – Advantages and Challenges: A Bibliometric Analysis.
Subham Singh	Safeguarding remote work environment from cyber-threats using Artificial Intelligence
Sulakey Maruthi Rao	The Theoretical Review on Critical Success and Failure Factors of IT Project and Evaluating Risks
Tanya Baranwal	A study on adoption of Blockchain in IoT to improve efficiency
Utkarsh Sharma	Teamwork in Scattered Agile Software Occurrence
Vidushi Jindal	Study on Factors Influencing Organic Food Buying Behaviour
Vishwendra Chauhan	Adoption of Hybrid Project Management: A Comparative Study
Abhijeet Birje	Literature Review: Industry 4.0 from Cyber Security perspective
Abhishek Aryan	Smart Home Automation System Using IOT and applications of Artificial Intelligence
Ajitesh singh pawar	A STUDY ON 5G TECHNOLOGY: CHALLENGES WITH 5G AND FUTURE OF 5G
Anagha Pavgi	The Role of Color Research in Marketing

Student Name	Research Topic Name
Arpit Adhikari	A STUDY OF CYBERSECURITY RISKS AND PRACTICES IN THE AUTOMOTIVE INDUSTRY
Ayan Surolia	An Empirical Study on Factors Affecting Consumer Adoption of Chatbots Deployed for Customer Service
Ayushi Wajhal	"Enhanced Secure Multifactor Biometric Authentication in the World of Technology "
Nivedita Banothu	Adopting Artificial intelligence in the healthcare sector
Birajdar Anirudha Dundappa	APPEARS Framework for evaluating Gamified Cyber Security Awareness Training
Chetna Chowdhary	A Proposed Framework for Cyber Threat Intelligence
Devanshi Rai	User Acceptance of IoT in Home Automation
Divya Singh	Ransomware- Growing Threat to Information Technology
Vidya G Sree	A study on reversible watermarking technique based on tamper localization for securing images
Gyan Prakash	Smart Monitoring of patients' health using IoT
Harsimran Kaur Bhogal	Awareness and adoption of Internet of Things enabled fitness devices in India by young adults and old adults.
Indira Roy	The importance of Personal Finance Management in salaried employees' financial well-being and quality of life
Jyotirmay Ghosh	BEHAVIOR INTENTION AND ADOPTION OF AUTONOMOUS CAR IN INDIA
Farzeen Khan	Artificial Intelligence in Marketing: Its Scope, Applications, and Effects – A Bibliometric Study
Kolapalli Venkata Aishwarya	Blockchain in Auditing
Madhuparna Sarkar	Mental health in covid era
Mallem Sarthak Sai	Information security in E-Learning: Requirements, threats, countermeasures and security model
Manvi Jain	Ransomware Attacks Comparison Between Past & Present
Meghna Taneja	Cyber Attacks on Indian Food Service And Manufacturing
Mohit Kumar Sisodia	Cyber Security and Laws
Jayesh Nehate	Customer's rising concern about apps and websites collecting their data.
Onkar Patunkar	Cloud Computing – Security Challenges
Panicker Suchita Rajendra	Affects and effects of Bio Robotics and Humanoid robots on the world
Piyush Kaushik	THE IMPACT OF RISKS ASSOCIATED WITH CLOUD SECURITY ON ITS ADOPTION
Pranay Goswami	Stalker Ads: A study to understand the consumer awareness and perception towards Targeted Advertising
Preet Kaur	Exploring the effect of coworking spaces on software development
Puja Bhowmick Das	A statistical Study of Impact on education by adapting Artificial Intelligence & Machine Learning
Rana Ajay Singh	A Study on The Effects of Cause Related Marketing on Sales
Ritik Kalivda	A study to understand the consumer awareness and perception towards green marketing and its influence on consumer's purchasing behaviour.
Rohan Naik	Study on Customer Readiness For Adaptation of RPA
Sahil Dhar	Socio-Economic impact on MSME in India due to Covid-19

Student Name	Research Topic Name
Hritik Shah	Enabling AI and IOT in Supply Chain Management amidst a pandemic
Shravani Kulthe	A Comparative study on Machine Learning Models
Shreya Sinha	Consumers acceptance of electric vehicles in India
Siddharth Srivastava	A Bibliometric Analysis of Cloud Computing and Information Security
Snigdha Tamot	A study on applying predictive analytics technique to recommend the course to students
Srirag Gopinath	An investigation of the effects of Trust & Risk on the behavioral intentions to play games online.
Subhojit Goswami	Adoption of Blockchain Technology in Supply Chain
Surabhi Verma	A Study on Smartphone Users' Information Security Awareness
Tej Mehta	Shared Electric Bikes in India and Yulu
Utsav Goel	Future of electric Mobility . Is India Prepared for electric Vehicles
Vidushi Pant	Analysing Risk in Digital Marketing
Abhishek Yadav	Development and implementation possibilities of 5g in industry 4.0
Abhijith K G	Security Vulnerabilities in Connected Cars and Solutions
Abhishek Kumar	Cyber security challenges and strategies in banking Industry
Akanksha Handoo	Combined approach of Cyber Threat Intelligence and ATT&CK framework for efficient Threat Hunting
Ananya Chauhan	Socio-Psychological Impact of Covid-19
Apurva Raj	Assessing the human factor in Cyber Security Knowledge absorption
Arun Rajesh Sharma	Cyber Security Risk Assessment Framework in Electronic Medical Record
Ayush Kumar	Gamification of Cybersecurity for Training and Awareness
Golden Jijabrao Bagul	Factors relevant to the growth of IT Consulting Organizations
Laxmi Manasa Bharthipudi	A Study on the usage of IoT and Blockchain for Traceability in Agri Food Supply Chain Management
Rohit Birwatkar	A Study of Blended Education System
Chinmay Hajirnis	Awareness and adoption of Green IT practices by IT professionals in India
Abhijeet Dhanshetti	Improving Data security & Privacy in IoT using Blockchain Technology
Jinal Dudhwala	AI in Fintech
Garima Bihani	An Empirical Study on Smart Waste Management System in smart cities using IoT
Rimi Ghosh	A Study on the Impacts of COVID-19 on Consumer Buying Behaviour
Chirag Harinkhede	Estimating the Effects of COVID-19 Pandemic on Mental Health of Students
J V Krishna Rohit	IOT Sensor Data Security in Cloud Infrastructure Using Homomorphic Algorithm
K R Sandesh	Comparison of program execution time complexities between various cloud platforms
Khyati Dixit	Effects of Customer Trust on Customer Retention
Kripansh Rai	Customer Acquisition Strategies for Business Marketing
Vinayak Dattatray Magdum	A Study on Predicting Real-GDP of India using Leading Alternative Data
Mamidi Vamshi Vardhan Reddy	Integrating AI into Knowledge Management
Mayank Arora	Impact of Covid-19 on Digital Transformation

Student Name	Research Topic Name
Mrityunjay Kumar Singh	Cyber Security in DSR grid
Sreenath Pullat	A Study of Online Shopping Behavior of Consumers in Vadodara
Saikiran Reddy	CAN INDIA BECOME AN ALTERNATE MOBILE PHONE MANUFACTURING HUB AFTER COVID 19?
Prabhav Srivastava	Human Augmentation: Impact and Futuristic Capabilities of The New Human
Prashant Sharma	Mental Disorders & It's Effects on a Student's Life
Priyanka Dey	Role of Individual factors on effective massification of Higher Education during COVID-19: A Bibliometric Review study
Pulkit Khandelwal	Information Technology Project Risks and Project Manager's Role in Managing Them
Ritika Raj	Big Data analytics in HR system and Digital transformation
Roja MV	Work from home vs. work from office: Employees perception and experiences during COVID-19
Sai Prasad Patnaik	Comparative Study of VM Task Scheduling and Energy Efficiency Algorithms in Cloud Environment Using CloudSim
Saniya Mulani	Privacy Policy Compliance Behavior of Smartphone Users': An Empirical Study on Significant Blockers of Reading Privacy Policies
Shambhavi Bajpai	A Study on Improving Pharmaceutical Supply-Chain process by integrating Blockchain and Internet-of- Things
Shreya Agrawal	A study on Risk Management using Adaptive Security in Cloud Environment
Akash Singh	The Growth of the Indian Automobile Industry
Soumen Mitra	The Inferences of Economic Recession on IT Service Industry Post Covid-19 Pandemic
Sruti Karunakaran	Drone Technology in Military: A General Overview of Security Protocols and Vulnerabilities
Sudeepti Shukla	Understanding the level of Social Engineering Awareness in the Young Adults of India and assessing the influence of Gamification in raising it.
Suraj Kumar Shrivastava	Adoption of Security Data Visualization
Teppa Muni Naga Sai Srinivas	A Study on the usage of IoT based ERP in Industry 4.0
Uttam Somani	Expert Information System Auditing using Robotics Process Automation.
Vidya Raju Nair	A Comparative Analysis of Data Protection Laws in India and other European Countries
Priyanka Yadav	Managing Virtual Agile Teams – Problems, Solutions and Best Practices : A Study from the COVID 19 Pandemic Period
Seema Thadani	Identifying and evaluating the factors of start-up success
Nehal Dholakia	IOT for Agricultural Productivity and Innovation
Yash Saxena	Cost-Effective Security Implementation in IoT devices
Aayush Gheoday	State of Microservices Adoption
Nitesh Acharekar	Is Big Data Security Analysis effective tool against cyber security attacks?
Aashi Jadhav	Co-relation of Human characteristics and cyber security behaviour intentions
Atif Mahtab	Consumer Behaviour towards Online Shopping during Covid-19
Mahima Singh	The New Consumer Behavior post COVID-19

Student Name	Research Topic Name
Deepa Kumari	Enhanced Identity and Access Management Framework to Optimize Business Agility and IT Ecosystem
Anoop Mishra	User perception on Benefits and problem associated with digital Fintech services in Maharashtra India
Chanda Maity	A study on use of Big Data Analytics and Artificial Intelligence for Personalized Recommendation in E-Commerce
Aviraj Sarkar	A Study on Zero Trust Philosophy: To Tackle Security
Bhavtosh Das	XR for Future Businesses: A Primer
Harmann Singh Bhardwaj	A study on the effectiveness of ISO/IEC 27001 on Financial and Cloud computing sector
Madhav Madhukar	Data Encryption for Cloud Computing Applications
Shreshtha Srivastava	A Study on Understanding Consumer Behaviour in Green Cosmetic Industry
Abhijeet Wankhede	A study on fundamentals of Network Security
Pranav Pralhad Rajurikar	A study on readiness for using A. I. in replacement to human interaction using IoT for future smart cities.
Pratiyush Sah	A STUDY ON USER'S PERCEPTION TOWARDS SHIFT TO NEW SOCIAL MEDIA PLATFORMS CONCERNING PRIVACY
Roshan Kumar Gupta	Enhancing the security of sensitive data in cloud using enhanced cryptographic scheme

Symbiosis Centre For Information Technology (SCIT)	
R & D Dissertation MBA-DS & DA, Batch 2020-22	
Student Name	Research Topic Name
AADARSH RAJ	Analytics application in business/AI-ML value chain for business
DESHMUKH ABHISHEK SHARAD	Decoding the right revenue model for OTT service providers in India
MAHUVAGARA ABHISHEK VINODBHAI	An integrated approach of Text Data Compression and Text Data Encryption using PRCD Algorithm
ACHALA DABRAL	Recommender system/conversational recommender system for apparel domain
G ADITYA	Interactive and sentiment analytics Chatbot for customer in telecom service company
AKHIL BABU MELETH	Digital inequality - impact in education/business
AKLANT DAS	Comparing before and after COVID-19 scenario for exchange rate in India through timeseries Factor analysis techniques.
AKSHAY WALI	Sensory based ECG prediction for priority towards patients attended
ANCY PRERENA KUJUR	Industrial applications of Computer Vision- Enablers and Inhibitors
ANINDITA DEY	Applications of Block Chain Technology in Sectors such as Crowdfunding, Public Health
ANIRUDDHA NARAHARI MAVLANKAR	AI-enabled Business Process Mining for Humanitarian Supply Chain services

Student Name	Research Topic Name
ANKITA PRAKASH NAYAK	Towards Enabling A Gig Economy Through Digital Transformation
DIVYA ANNA KOSHY	Enablers and Inhibitors of Gig Economy
ARUVANSH KUMAR	Sustainable IT Standards – State of the art and future directions
SENJUTI BISWAS	Fintech for Financial Inclusion
TAHIR HUSSAIN	The role of Social Media Chatbot Communications in enhancing Customer-Brand relationships.
Anjali Jha	Enabling an Environmentally Sustainable IT Practices in Organizations
ANUJA ARUN KULKARNI	Uplift modeling for customer churn and retention management in E-commerce
ANUSHA SINGH	Application of Quantum Machine Learning Algorithms in the Retail Industry
APALA PALIWAL	How close are we to realizing autonomous vehicles for public transport? Impact of AI and Deep Learning.
ARJUN NAGANARAYANAN	Video Stream Analysis in Cloud using Object Detection and Classification Framework.
ARKAPRATIM SEN	"Automobile Accident Prevention using Computer Vision Techniques"
ASHUTOSH PANDEY	"Supporting the Classification of Plant leaves disease based on Convolutional Neural Network"
BORIS RAJ BORGHAIN	Data Ecosystem framework for analytics during natural disaster operations
CHARVI VATS	An empirical study of the impact of organizational, social, and psychological factors on the performance of employees
CHITRAPU VISWADHA	Indian Online Consumer Behavior based on Millennial influencers Marketing the products
FEMINA PRIYANKA R	" Selection of important indicators which impact life expectancy prediction and Performance in rate of diminution of adult mortality in different geographies "
HARISHANKAR MISHRA	FMCG and its marketing strategy
YELLA SRI HARITHA PRIYA	Identifying Early Risks of Depression by Analysing Social Media Posts.
ISHANI BANERJEE	Integrated Book Recommendation System using Clustering and Collaborative Filtering
ISHUITA SAXENA	Cloud computing for data security and privacy in healthcare/ e-health
SHAH JAINI KALPESHKUMAR	A study on the factors affecting Employee Attrition and Predicting it through Machine Learning Models
MAKHANIA JEROZ KERSI	Impact of ratings of content on OTT platforms and prediction of its success rate
JITHIN MATHAI JACOB	A study on men and women's smartphone addiction leading to depression using mediator parameters Phubbing, Sleep Disorder, and Stress.
JOEL VARGHESE	Influence of Social Media on Consumer behaviour
KARTHIK RAJAN	A Comprehensive study on the mental health of twitter users in India using Deep Learning Techniques"
KAUSTAV GAYEN	Can non-violent games also make a player aggressive leading to cyber bullying?

Student Name	Research Topic Name
KETAN PRASAD	Estimate churn of video game players and develop strategy to prevent churn
DAREKAR KSHITIJ DEEPAK	Predictive Analytics for Hypertension prevalence using Machine learning techniques
SAWANT KSHITIJ RAOSAHEB	Gene recognizing using data science tools
LENI FERNANDES	Using tools and techniques of sport analysis: Predicting Indian Premier League match outcomes.
MANISH MOHAN	Predicting Churn Rate
ARJUNWADKAR NAKSHATRA DAMODAR	Link based web spam detection using machine learning.
NISHCHAL VERMA	Integrating Blockchain Technology in the Healthcare Cloud Infrastructure
NIVEDITA SINGH	Finding the effect of Financial News on the Stock Market using Text Analytics
PALAK BHATNAGAR	The role of data mining in enhancing renewable energy
LAD PRACHI ANILKUMAR	Feature selection Techniques for profit-based credit scoring models
DESHPANDE PRATIK PRASANNA	Systematic literature review on applications of machine and deep learning in smart traffic management systems
CHETTIYAR PREETI ARUNKUMAR	Analysing the key determinants which makes posts/tweets go viral using deep learning algorithms
PRERAK SHEETALKUMAR SHETH	Employee Performance Evaluation Using Machine Learning
PRIYAL KHANNA	"Autism Detection in Adults using Machine learning Algorithms".
PAWAR PRIYANKA KIRAN	Role of technology in bridging the gap between human and enviromnetal changes
PUNITA TRIVEDI	Guiding Customers for Food Preference through Artificial Intelligence.
JALA RACHANA	A FRAMEWORK TO ANALYSE STRENGTHS AND WEAKNESSES OF THE PRODUCTS THROUGH SENTIMENT ANALYSIS OF CUSTOMER REVIEWS.
RAJ SANJAYKUMAR DESAI	Digital Assistance using Chatbots for Financial Investment Services
RAJLAKSHMI BALA	Analysis and determination of groundwater level in India using machine learning algorithms
RASHI GUPTA	Movie rating and gross income prediction model using past records and social media involvement using ensemble learning technique
RISHI RAJAK	Portfolio Optimization Algorithm for Reducing Risk of Long-Term Investment in Capital Market
RUCHI KANDPAL	Sentiment classifications using Chatbots
RUPSHA KAR	Application of Graph Mining Techniques to represent the Impact of Social Network Analysis on internet marketing.
PALLAPOTHULA SAI SAHITHYA	A study on effect of ground water level on production level of various crops in India
SAKET BHAUSAHEB WALUNJ	A study of user sentiments over time for a product

Student Name	Research Topic Name
SHUBHAM SONAWANE	Classification of Breast Cancer Prediction using different Models.
SHUBHI VASHISTHA	Sarcasm Detection on Twitter data using Deep neural network
SIDDHESH ANIL THORAT	Credit card fraud detection
SUPRIA DEKA	Impact of Internet On Children and Teenagers.
KOTHAWADE SUPRIYA JAGDISH	Post Hoc Explanation for Recommendations
SUVIRA SEN CHOWDHURY	Credit Card Fraud Detection using Bagging Ensemble Technique and Comparative study of all ML techniques used
UPAMANYU TAPAS MUKHERJEE	To find how and when hate crime occurs and to predict multiple hate crime offenders
VAIDHEESH	Fundamental and Technical Analysis for Stock Selection in Indian Markets using Machine Learning Techniques
VANITA	Cloud Kitchen in India
B VIVEK BHAT	Crop recommendation for precision agriculture based on predicted revenue using deep learning
YASHASWANI AGARWAL	Crime Rate Analysis and Prediction using Machine Learning
