## 1.12 Programme Schedule (Minute to Minute)

Date : 19/07/2023

Time : 10:00 AM – 12:30 PM

## 1.13 Description of Event

The Guest Lecture Committee (ITBM) of Symbiosis Centre for Information Technology is organizing the 4th edition of 'Corporate Charcha', a panel discussion which aims to bring together industry leaders and domain experts who could motivate and enlighten our students on topics relevant to the industry. It is going to be an enthralling yet informative discussion that will also act as an open platform for the students to put forward their queries and be at par with the current happenings in the industry.

### Theme - 'Connectopia - G20's Digital Renaissance'

G20, or Group of Twenty, is a forum for the world's major economies to discuss and coordinate economic policy. G20 recognizes the impact of IT on the economy and thus promotes sustainable and inclusive growth through harnessing the potential of the digital economy.

As India hosted G20 in the year 2023, we at SCIT, organized the Corporate Charcha 2023 around the theme of IT in the context of G20. We aimed to throw light upon the Digital Infrastructure of the nation. In this Charcha, topics such as Artificial Intelligence, Startups, Sustainability and Governance were discussed.

Digital Renaissance (DR) cite the foundational technological framework and services provided by governments and public institutions. It is envisioned to enable seamless digital interactions and services for citizens, businesses, and various sectors. DR is essential for economic growth, social inclusion, and democratic participation.

Digital Renaissance (DR) cites the foundational technological framework and services provided by governments and public institutions. DR will majorly focus on four domains, which are Artificial Intelligence, Startups, Sustainability and Cyber Governance. Cyber Governance would take note of the policies and implementation criteria associated to the above-mentioned realms. The event will emphasize on highlighting these domains with respect to digital public infrastructure in alignment with G20 regulations.

An overview of the sub-themes to be focused in Corporate Charcha –

- Artificial Intelligence

# SYMBIOSIS CENTRE FOR INFORMATION TECHNOLOGY

Symbiosis International (Deemed University)

(Established under section 3 of the UGC Act, 1956)

6. How would you rate the overall quality of the event/session?

45 responses

7. Please share any specific comments or suggestions you have for improving future industry expert sessions. Your input is valuable to us! PO7

14 responses

### Suggestions –

- Knowledge-gaining session for the attendees.
- The session was good.
- Students look forward to attending and gaining insights from more sessions.
- Knowledgeable industry Insights

### 1.15 Details of Achieved Outcomes

The event was moderated by **Anzar Malik**, an SCIT student, who guided the discussions effectively.

Collectively, these four distinguished speakers significantly enriched the session. Their diverse backgrounds and areas of expertise created a well-rounded discussion that left attendees with a profound understanding of the topics discussed. The Q&A session that followed allowed attendees to delve deeper into their insights, making the session even more valuable.

The positive response from the attendees underscores the success of this session. It not only provided a platform for knowledge sharing but also left a lasting impression on the importance of technology, sustainability, cybersecurity, and innovation in the corporate world. This session was indeed a highlight of Corporate Charcha 4th Edition, offering attendees the opportunity to learn from some of the brightest minds in the industry.
