Report on the feedback acquired from various stake holders of SCIT

Year : 2017- 18

FEEDBACK FROM STUDENTS:

Process : We collect feedback from our graduating students. We have designed a feedback form inculcating the views and suggestions on curriculum development received from them.

The suggestions given were as follows:

Artificial Intelligence (business perspective)

Please include the basics of Data science. Data management and Data Mining not helping students that much.

DATA SCIENCE - algorithm subjects to learn python,r and learn AI better

DS and other courses helped me to improve analytical skills, technical and managerial skills.

FEEDBACK FROM ALUMNI:

Process : We collect feedback from the alumni of various batches during the Alumni meet. The feedback is taken manually through a feedback form floated to all the alumni through the various alumni meets where we get to interact with them in various locations across the country like Hyderabad, Delhi, Bangalore and Pune.

Our alumni feedback is valuable for us as it provides us the inputs regarding improvement in facilities and employability of our student as well as their views on

SCIT

॥वसुधैव कुटुम्बकम्॥
SCIT

curriculum and look forward to improvise on the curriculum in the following year's Program Structure.

Artificial Intelligence, Data Science, IT, Blockchain

AI, machine learning, computer vision, quantum computing

RECRUITER'S FEEDBACK:

Process : We take recruiter feedback and suggestions about the students and the curriculum through a form designed specially for the recruiters.

Our recruiters are one of the major stakeholders, feedback of whom gives us input regarding enhancing the employability of our students. Their feedback is valuable for us as it provides the basis for further enrichment in curriculum aspects and overall performance of students. We have received feedback from our major recruiters. The feedback suggested is considered for further consideration and approval as applicable to be included in the curriculum.

Suggestions from the recruiters were :

Include new subjects latest in technology

Syllabus should meet current industry requirements.

2.

Curriculum should be updated as per jobs available for the specialization. Subject knowledge should have more practical touch.

DSDA analytical subjects should be introduced in the curriculum.
