More practical example solving real world usecases

It was wonderful practical learning experience.

In addition to the online classes physical classes for at least one or two days will be better when conducted with the common course work classes in consecutive days.

Take offline if possible

no

More In depth coverage of how these can be used in research..course duration should be increased.

Lectures are very informative.

Atleast one or two days physical classes will be better when arranged consecutively with the common course work classes.

sessions of computational learning should be more

No
