Dr. Dhanya Pramod
Director SCIT

Seminar conducted for quality improvements at SCIT.

SCIT conducts Guest Lectures regularly to impart industry inputs to students. It is impossible to bring the entire panorama of knowledge into the classroom. Hence Guest lectures are provided to improve the quality of the classroom sessions. These guests, mostly practitioners from the industry, provide students with practical, and case-based inputs to hone their knowledge in the right direction. The quality of the students when they pass out of the university should be such that they can start adding value from day one. Guest lectures are aimed to bridge the gap between theory and practice.

SCIT is delighted to announce the first-panel member of Corporate Charcha - A panel discussion: **Mr Pons Mudivai Arun**. He specializes in building cyber resilient Bot mitigation solutions by embracing behavioral analytics' power.
