Report

Integrity and Ethics Conclave (Quality Improvement Seminar)

Every year, the Guest Lecture Committee (ITBM) of Symbiosis Centre for Information Technology hosts a conclave called 'Integrity and Ethics Conclave'. This conclave is a flagship event where industry leaders and experts, as well as students and corporate professionals from all over the nation, come together on a single platform to celebrate the need and importance of Integrity and Ethics not only in the workplace but also in all walks of life.

1. **Theme**: "Tatva Udbhav - The Rising of Moral Upheaval"

2. **Description**: "Tatva Udbhav" reflects the need for the generation of new elements in nowadays constantly changing corporate environment and business practices. Big Corporations are more focused on profits, ignoring businesses' ethical environment and integrity. Integrity is the main requirement of the hour for businesses, and ethics are essential for a company to survive and be in business for a long time. "Business Integrity" means incorporating ethical behaviors throughout your organization. Now the question arises: Why is it essential for a company? The answer is that integrity in business improves your reputation, which can help you acquire and keep clients, inspire staff loyalty, and position yourself as a more attractive investment opportunity. So, every organization in today's environment needs to focus on Business Integrity because if you have this, your business will automatically grow and achieve heights along with good profit margins. The theme focuses on changing the regular business practices of focusing on process improvements and profit-making by introducing business integrity and ethical practices to the new" Tattvas" business environment. So, the question arises: How to achieve business Integrity? To understand this, it is helpful to start by defining what integrity is not to accomplish. Doing the right thing only because it makes you look good or because you are under public scrutiny is not what integrity is about. In business, acting honorably regardless of whether your actions are visible to others and keeping your word are the definitions of integrity. Having an ethical culture that penetrates every aspect of your organization is essential. The aim of the conclave was to understand the revolutionizing trends shaping the future of the business environment and how they are changing business practices.

3. **Sub-themes:**
   - Mercurial Culture - The practice of taking up other assignments while working with an organization.
   - E-Commerce: Equality over Equity - Advancing towards breaking the silos of multiple e-commerce platforms and unifying them with a single, open network.
   - Crafty Maneuver - In an attempt to attract and convert more and more customers, marketers resort to marketing manipulation techniques including search engine optimization.
   - Blinkered Pedagogy - Biased AI is all about the biased training of the algorithms, causing customer dissatisfaction in the long run.

projects across sectors. Before joining ONDC, Mr. Saransh worked as a Project Lead at the Quality Council of India (QCI) where he leads the Project Planning & Implementation Division that carries out both strategy and implementation projects for various Central Government Ministries.

8. **Events:**

Online Event @SCIT

- **Manoeuvring Manuscript:**

Do you tend to think too deeply or frequently discuss with others? You might have a talent for coming up with bizarre or unbelievable answers to difficult problems. Therefore, this is a chance for you to use your imagination while sharing your opinions. Our panel of judges will select the winners based on the entries' creativity, originality, adherence to the prompt, and general writing skills. The subjects will be relevant to our theme.

Guidelines:

1. All decisions in matters of eligibility, authenticity, and final judgments will be with the organizing Guest Lecture Committee, Symbiosis Centre for Information Technology.
2. The organizing committee holds the discretion to change the format and structure of the event at any point.
3. Late submissions would not be considered for evaluation
4. Word limit: - Max 1000 words
5. Plagiarism would lead to immediate disqualification
6. Format of Submission: Word Doc (.DOC or .DOCX)
7. Formatting: Times New Roman, Font Size - 12, Line Spacing - 1.5, normal borders.
8. The writing should clearly address the background, managerial dilemma, industrial context, steps taken, and future options with appropriate figures, and exhibits
9. Naming convention: Name_MM
10. It should be individual participation.
11. There is no limit on the number of participants from a single organization
12. The competition is free and open to any person, regardless of their age or nationality.
    We are open to articles on a topic revolving around the below-mentioned them:

    Is moonlighting acceptable or is it simply a sign of waning employee loyalty?(https://www.forbesindia.com/article/iim-kozhikode/is-moonlighting-legal-or-just-a-new-trend-of-fading-employee-commitment/80031/1)
    4.Can Govt-Backed ONDC Help Small Sellers, Kirana Stores Beat Amazon, Flipkart? (https://www.outlookindia.com/business/can-govt-backed-ondc-help-small-sellers-kirana-stores-beat-amazon-flipkart--news-194138)

Celebrating 50 Years of Excellence

- **Between The Lines:**

Do you find yourself being overly curious every time you come across a compelling case? Do you take pleasure in solving problems that require the application of your analytical abilities? If so, then we at 'Tatva Udhvab' are excited to present our event "Between The Lines" a case study competition that will tickle your brain and test your critical thinking skills.

Note: Alexa case study

Guidelines:

1. Team size can vary from a minimum of 2 to a maximum of 3 members.
2. The competition is free and open to any person, regardless of their age or nationality.
3. Please use the official email ID provided by your institute or organization for registration.
4. All decisions in matters of eligibility, authenticity, and final judgments will be with the organizing Guest Lecture Committee, Symbiosis Centre for Information Technology.
5. The organizing committee holds the discretion to change the format and structure of the event at any point.
6. The language of the submissions will be English only.
7. Save the case study solution in the following format- BTL_<Team name>.
8. The solution of the case study must be submitted online in a PDF Format
9. There is no limit on the number of participants from a single organization
10. Plagiarism would lead to immediate disqualification
11. The writing should clearly address the background, managerial dilemma, industrial context, steps taken, and future options with appropriate figures, and exhibits.

- **Potter Brains:**

How fast do you think you can ring the buzzer? This is a test of how good you are at thinking on your feet. This speed test is based on your analytical skills and how accurately you perceive images and jumbled words. To emerge as the winner, you need to pass the two rounds with an increasing level of difficulty. This quiz will revolve around the following themes: Mercurial Culture, E-Commerce: Equality over Equity, Crafty Maneuver, and Blinkered Pedagogy.

Guidelines:

1. Deadline for event registration would not be extended. Be sure to register yourself beforehand to avoid a last-minute rush.
2. Every participant is requested to fill in their details correctly to avoid any misunderstandings during the results.
3. The questions would mostly comprise MCQs with a few type-in answers (Images, videos, jumbled words).
4. In case of a tie in the score, the time taken to answer would be considered for the final verdict.
5. No additional time would be allowed to answer the questions.
6. Refrain from indulging in malpractices, as this is to judge to the best of your ability and bars the outstanding dend deserving candidate from winning.

7. Entries will be accepted as original. Any entries copied by any means will not be considered.

8. All entries shall be deemed to be the property of the organizer.

SYMBIOSIS CENTRE FOR INFORMATION TECHNOLOGY

Symbiosis International (Deemed University)

(Established under section 3 of the UGC Act, 1956)

Re-accredited by NAAC with 'A' grade (3.58/4) | Awarded Category – I by UGC

Founder: Prof. Dr. S. B. Mujumdar, M. Sc., Ph. D. (Awarded Padma Bhushan and Padma Shri by President of India)

9. The organizer will be free to use these entries along with the name and address of the participant in any exhibition and various social media platforms. 10. The winners will be selected by the decision of the jury.

▪ Pursuit of Perspectives:

"For good ideas and true innovation, you need human interaction, conflict, argument, debate." - Margaret Heffernan

Debating is an art of confidently trying to prove your assertions for or against a topic. In other words, it's a formal argument that involves two or more persons expressing two opposing views towards the main subject of the argument.

Guidelines:

1. Only group registrations are allowed.

2. The topics will be provided on the spot, 10 minutes prior to the debate, and are based on the theme.

3. This round is a standard debate. The teams will be formed for the participants. Two teams will compete against each other, one speaking

for the topic, and the other speaking against the topic. Each speaker will be given 5 minutes to speak.

4. The debate will be in English.

5. Please refrain from using abusive language or words that may hurt someone's sentiments. Any such action shall not be entertained at any cost and the participant will be disqualified.

6. The decision will be taken by experts and their decision will be final. No further queries in this regard will be entertained.

7. The organizing team reserves the right to change or modify any of the rules.

Dear Sir,

Warm Greetings!

Symbiosis Centre for Information Technology takes privilege in inviting you as a Guest Speaker for our 7th edition of the **Integrity & Ethics Conclave** to be organized on **17th December 2022.**

Symbiosis Centre for Information Technology (SCIT) is a premier IT-B School offering two MBA programs: Information Technology Business Management (ITBM) and Data Science and Data Analytics (DSDA) For more details of our syllabus and academic curriculum please visit https://www.scit.edu/mba-itbm-syllabus.

Every year we organize the Integrity and Ethics Conclave where the industry leaders and experts, as well as students and corporate professionals from all over the nation, come together on a single platform to celebrate the need and importance of Integrity and Ethics not only in the workplace but also in all walks of life.

The theme for this year would be **'Tatva Udbhav - The Rising of Moral Upheaval'.** We believe that these practices aid businesses to become market differentiators, achieve a competitive advantage and contribute to the nation's overall development.

We have incorporated 4 sub-themes in our conclave. They are as follows:

- Mercurial Culture: Finding the right balance between technology and the human element for the greater good of humanity is vital.
- E-Commerce- Equality over Equity: Advancing towards breaking the silos of multiple E-commerce platforms and unifying them with a single, open network.
- Crafty Maneuver: In an attempt to attract and convert more and more customers, marketers resort to marketing manipulation techniques including search engine optimization.
- Blinkered Pedagogy: Biased AI is all about the biased training of the algorithms, causing customer dissatisfaction in the long run.

Our event aims to bring in experts from these areas, share their expertise, guide through their experience, and ignite the thought to push ourselves.

We, the Guest Lecture committee of SCIT would love to have you as a speaker at our conclave. The event will be in offline mode at SCIT campus. Looking forward to your contribution and partaking/sharing your knowledge on the theme. Your presence would be an honour. Please confirm your presence and contact details for further communication.
The audience will be MBA-ITBM students most of whom have an engineering background with work experience between 1 to 2 years.

Please read the theme abstract attached to this email in order to gain a clearer understanding of our event and the theme for this year. We will send you an invitation flyer as early as possible.

Hello Sir,

This is in continuous to the conversation you had with our faculty mentor, the sub-theme on which we would like you to speak is :

- Blinkered Pedagogy: Biased AI is all about the biased training of the algorithms, causing customer dissatisfaction in the long run.

Could you please give us the confirmation for the same.
