Integrity and Ethics Conclave (Quality Improvement Seminar)

Each year, the Guest Lecture Committee (ITBM) at Symbiosis Centre for Information Technology organizes the 'Integrity and Ethics Conclave,' a flagship event that serves as a common ground for industry leaders, experts, students, and corporate professionals nationwide. This distinguished event acts as a pivotal platform that is dedicated to acknowledging and emphasizing the crucial importance of integrity and ethics across various facets of life, not just the professional realm. Participants converge to celebrate the imperative role these values play in fostering a culture of responsibility and ethical conduct.

1. **Theme:** “METAMELD: Crafting the Tapestry of Tech and Humanity!!”
2. **Description:** "MetaMeld: Crafting the Tapestry of Tech and Humanity" encapsulates the essence of this year's exploration into the dynamic interplay between technology and humanity. Against the backdrop of unprecedented 21st-century challenges, including climate change and global inequality, the event's theme underscored the vital role of revolutionary technological trends in shaping the future of business practices. Delving into four thought-provoking subthemes—Beyond Pixels, Earthly Chronicles, Mindware Convergence, and Cosmic Conscience. The vision of the conclave was to unravel profound questions about the trajectory of humanity and the evolving relationship with technology. As we stand at the crossroads of innovation and responsibility, this theme has an aim to inspire a deeper understanding of how technology, when wielded responsibly and ethically, can be a powerful tool to address global challenges and pave the way for a brighter future for all.

3. Sub-themes:

Beyond Pixels: Building ethical and trustworthy immersive digital experiences.

Cosmic Conscience: Ethical Considerations of Space Exploration.

Earthly Chronicles: Co-Weaving Humanity and Earth's Tapestry.

Mindware Convergence: AI ethics in psychology and mental health.

4. Date & Time: 16th December 2023, 10 AM to 1 PM

5. Venue: SIC Auditorium. SCIT Plot No:15, Rajiv Gandhi infotech Park, MIDC, Hinjewadi, Phase 1, Pune, Maharashtra 411057

6. Number of Participants: 300

7. Speakers:

- **Samir Chabukswar – (CEO & Founder of YUJ Designs)**

Mr. Samir Chabukswar, CEO & Founder of YUJ Designs, was the keynote speaker, who brought together the diverse sub-themes of the event. He has successfully led YUJ Designs to become one of the best UX studios in the world, with over 28 years of experience in user experience design. He contributes a lot of experience as a luminary in the sector, highlighting the critical convergence of design and business.

- **Anub George – (Writer, Director & Brand Strategist)**

He is a distinguished figure in Pune's cultural landscape, is a writer, director, and brand strategist. He has extensive experience in theater, advertising, and cinema criticism for the Times of India. Being an enthusiastic artist, he has started initiatives such as the Pune Film Movement and is the host of the podcast "Mundane Matters." As a dynamic and varied contributor to the corporate and cultural domains, Anub's competence also encompasses assertiveness training and workplace dispute resolution.

- **Pandurang Taware – (Founder of Agri Tourism Development Corporation (ATDC) in Maharashtra)**

He is an entrepreneur and founder of Agri Tourism Development Corporation (ATDC) in Maharashtra, India, who pioneered the industry with the goal of improving the lives of farmers. Founded in 2005, ATDC provides training programs, supports sustainable practices, and helps farmers diversify their sources of income through agritourism endeavors. With 500 trained farmers and 307 agri-tourism locations, his work has led to a 33% income growth for farmers, creating a model for sustainable livelihoods in agriculture.

- **Nirali Bhatia – (a certified Cognitive Behavioural Therapist and Internet Addiction Therapist)**

She is a qualified Cognitive Behavioural Therapist and Internet Addiction Therapist, as well as a well-known cybersecurity expert. She oversees projects to develop secure applications and improve cybersecurity as the creator of V4Web Technologies and director of V4WEB Cybersecurity. With honors such as "India's top Women Influencer in Cyber Security," her effect extends to fighting cyberbullying through her group, Cyber B.A.A.P., and advocating women's safety programs.

- **Leena Bokil – (an Electronics & Telecommunication Engineer from KLS-GIT, Belgaum)**

She has been providing a plethora of space education experience. She mentors students in Space Education and enthusiastically promotes science through many venues, including lectures, talks, seminars, conventions, workshops, and TV interviews. She was trained at NASA-HONEYWELL SPACE EDUCATORS' PROGRAM and has visited NASA six times.

Online Events

SustainiCase: Unraveling Green Strategies

“There must be a better way to make the things we want, a way that doesn’t spoil the sky, or the rain or the land.” - Paul McCartney Case studies are a great way to learn about business and how to apply your knowledge to real-world problems. That’s why we at MetaMeld are excited to present SustainiCase, a case study competition that will test your sustainability knowledge and problem-solving skills.

Guidelines:

- Team size can vary from a minimum of 2 to a maximum of 4 members.
- The competition is free and open to any person, regardless of age.
- Please use the official email ID provided by your institute or organization for registration.
- All decisions in matters of eligibility, authenticity, and final judgments will be with the organizing team
- The organizing committee holds the discretion to change the format and structure of the event at any point.
- The language of the submissions will be English only.
- For the first round submit your solution in PPT/PDF consisting 5-7 content slides excluding introduction & thank you slides.

Naming convention: Conclave_TeamName_College.

Plagiarism would lead to immediate disqualification of the team.

- The writing should clearly address the background, managerial dilemma, industrial context, steps taken, and future options with appropriate figures, and exhibits.
- The virtual presentation will have a maximum duration of 10 minutes.

Round 1: Case Submission

In the initial round, participants are required to submit their applications before the specified deadline. These applications serve as the gateway for entry into the competition. Participants are expected to provide comprehensive details, showcasing their qualifications, expertise, and interest in the subject matter. This stage is crucial for shortlisting candidates and identifying the most promising submissions. The judging panel will evaluate the applications based on criteria such as relevance, innovation, and overall quality. From the pool of submissions, a selection of promising case studies will be chosen to advance to the second and final round—the presentation round.

Round 2: Case Presentation

The second and final round is the presentation round, where the selected case studies from the first round of applications take center stage. Participants are invited to present their chosen case studies in a more detailed and interactive manner. This round allows the participants to delve deeper into their chosen topics, showcasing their understanding, problem-solving abilities, and capacity to engage the audience effectively. The presentations will be assessed by a panel of judges who will consider factors such as content, clarity, and the overall impact of the presentations. At the conclusion of this round, the competition will determine the standout performers and, ultimately, the winners.

Quiztendo:

The most common part in Gaming and Quizzing is nimbleness. Participants' agility, accuracy and speed will be evaluated. In a tie, the person with the best timing and results receives the prize money. The quiz will be for Gaming and VR enthusiasts.

Guidelines:

- The deadline for event registration will not be extended. Be sure to register yourself beforehand to avoid a last-minute rush.
- The competition is open for all (Undergraduate students, Postgraduate student, MBA/PGDM students, etc.)
- Every participant is requested to fill in their details correctly to avoid any misunderstandings during the results.
- In case of a tie in the score, the time taken to answer would be considered for the final verdict.
- No additional time would be allowed to answer the questions.
- Refrain from indulging in malpractices, as this is to judge to the best of your ability and bars the outstanding and deserving candidate from winning.
- The event is open to all Individuals and the top 3 participants will be declared as winners.
- All decisions in matters of eligibility, authenticity, and final judgments will be with the organizing Guest Lecture Committee, Symbiosis Centre for Information Technology.
- Please use the official email ID provided by your institute or organization for registration.

Musemosaic:

"Poetry is nearer to the vital truth than history." —Plato

If you are a deep thinker and you like writing emotions and expressions in rhythm, then this is the perfect contest meant for your poetical beliefs. Our panel of judges will select the winners based on the entries' creativity, originality, adherence to the prompt, and general writing skills. The subjects will be relevant to our theme.

Guidelines:

- Only one submission is allowed per person.
- The poem must be written in English only.
- Plagiarism will lead to immediate disqualification.
- The decision of the jury would be binding and non-questionable.
- Format of Submission: Word Doc (.DOC or .DOCX)
- Formatting: Times New Roman, Font Size - 12, Line Spacing - 1.5, normal borders.
- Naming convention: Name_MM
- Submitted poems must be original, created, and/or taken by the contestant.
- All decisions in matters of eligibility, authenticity, and final judgments will be with the organizing team.
- Please use the official email ID provided by your institute or organization for registration.

Pitchinferno:

The on-going transformational economic times are meant for creative ideas and their implementation, which can improve our society and environment. Do you have an idea that could revolutionize the way businesses operate? If so, our platform can help you launch your idea and achieve success and recognition.

Guidelines:

- The competition is open to all (Undergraduate students, Postgraduate students, MBA/PGDM students, etc.).
- The information will be shared only with the team leader after registration.
- Round 1 will be an online quiz.
- Round 2 will be an online submission round focusing on the intersection of technology and humanity, involving a virtual presentation to the judges. The virtual presentation will have a maximum duration of 2-3 minutes.
- Idea should be original and any form of plagiarism will lead to the disqualification of the applicant.
- A team can consist of a minimum of 2 and a maximum of 4 members.

- Members should be from the same college.
- Please use the official email ID provided by your institute or organization for registration.
- Registration Start Date: 8/11/2023
- Registration End Date: 1/12/2023
- Round 1 Result Date: 11/12/2023
- Round 2 Result Date: 16/12/2023
- All decisions in matters of eligibility, authenticity, and final judgments will be with the organizing Guest Lecture Committee, Symbiosis Centre for Information Technology.

Round 1: Quiz (via Unstop)

- This will be an online quiz round, on Unstop platform.
- There will be no negative marking.
- Only the team leader will be able to log in to the quiz window.
- It will be an elimination round and only the qualifying teams will be able to play Round 2
- Elimination will be held based on accuracy and time taken.

Round 2:

The teams qualifying in round 1 will have to submit their business plan before the specified deadline.

- Participants shortlisted after round 1 will need to submit their full-fledged business plan in the form of ppt(4-5 slides excluding the title page)and also they need to submit a pre-recorded video of 2-3 mins.
- The team leader must upload a Word or PDF file with a Google Drive video link.

Please ensure that the link has all edit access given to gl_seminar@scit.edu.

Naming convention: PitchInferno_TeamName.

- One team cannot submit more than one business plan.
- In this round, teams will be evaluated based on their business plans.
- The panel decision would be final and binding for all the participants.

Offline Event @SCIT

Minutes Maestros (JAM):

Can you explain your thoughts in a minute? Well it's not that difficult! Thought will become things only when they are spoken. "Just a Minute is a true test of wit, intelligence, and quick thinking." Our panel of judges will select the winners based on the participants' topic clarity, fluency and promptness. The topics will be relevant to our theme.

Guidelines:

- This competition will be offline on the topic "Ethics and Integrity".
- Entries for the competition will be accepted offline.
- The organizer will be free to use these entries along with the name and address of the participant in any exhibition and various social media platforms.
- The winners will be selected by the decision of the jury.

Pursuit of Perspectives:

"For good ideas and true innovation, you need human interaction, conflict, argument, debate." - Margaret Heffernan

Debating is an art of confidently trying to prove your assertions for or against a topic. In other words, it's a formal argument that involves two or more persons expressing two opposing views towards the main subject of the argument.

Guidelines:

- Only group registrations are allowed.
- The topics will be provided on the spot, 10 minutes prior to the debate, and are based on the theme.
- This round is a standard debate. The teams will be formed for the participants. Two teams will compete against each other, one speaking for the topic, and the other speaking against the topic. Each speaker will be given 5 minutes to speak.
- The debate will be in English.

- Please refrain from using abusive language or words that may hurt someone's sentiments. Any such action shall not be entertained at any cost and the participant will be disqualified.
- The decision will be taken by experts and their decision will be final. No further queries in this regard will be entertained.
- The organizing team reserves the right to change or modify any of the rules.

GL_SCIT <gl_scit_seminar@scit.edu>
to: samir@yujidesigns.com, Arni, urjita.kerkar, yash.bhuse

Dear Sir,

Greetings!

On behalf of Symbiosis Centre for Information Technology, it is a pleasure to invite you as the Main Keynote Speaker at our upcoming **8th edition** of the **Integrity and Ethics Conclave** based on the theme **'METAMELD: Crafting the Tapestry of Tech and Humanity'**.

Symbiosis Centre for Information Technology (SCIT) is a premier IT-B School offering a two-year **MBA in Information Technology Business Management (ITBM)** with a specialization in Information Security, Systems, Digital Transformation, and Data Science. For more details of our syllabus and academic curriculum, please visit <https://www.scit.edu/mbaitbm-syllabus>.

SCIT has endeavored to create a positive impact on the academic health of a student and also effectively prepare the students for a 360-degree educational experience.

"We, at SCIT, believe in 'Learning by Doing' methodology of teaching, providing a strong edifice for the transformation of an individual with the professional curriculum."

The conclave, scheduled for **16th December 2023** at **Symbiosis Infotech Campus, Pune**, will bring together a diverse group of professionals to engage in meaningful discussions on the critical aspects of integrity and ethics in various spheres of life.

The theme, **METAMELD: Crafting the Tapestry of Tech and Humanity**, will delve into the discussion of Integrity and Ethics in Technology which is driven by Human Principles and Values. The Sub-Themes for the event would comprise of:

1. **MINDWARE CONVERGENCE** - Ethics in Artificial Intelligence Psychology
2. **COSMIC CONSCIENCE** - Integrity & Ethics in Space Technology
3. **EARTHLY CHRONICLES** - Principles of Geo Tourism
4. **BEYOND PIXELS** - Ethos of Gaming & Virtual Reality

Your distinguished standing as a seasoned brand strategist in the media industry has truly caught our attention. With an impressive background in campaign management, conflict resolution, and creative ventures such as 'The Purana' Graphic novels, your expertise aligns seamlessly with our interests. The audience will be MBA-ITBM students, most of whom have an engineering background with work experience between 1 to 2 years. Your presentation would focus on the sub-theme **Beyond Pixels**, exploring the ethical integrity in immersive digital reality and promoting responsible engagement, authentic experiences, and its importance in today's world. We envision a **20-minute presentation followed by a 15-minute Q&A session**, allowing for interactive engagement with the audience.

Your participation would be an honor and a testament to the Integrity and Ethics Conclave's commitment to fostering thought-provoking dialogue on ethical principles and their practical application in the gaming and virtual reality field.

We are confident that your expertise and experience would make a significant contribution to the success of the conclave. Your presence would enrich the discussions and inspire our attendees to further their understanding of ethics and integrity in their respective fields.

Thank you for considering our invitation. We eagerly await your response and look forward to welcoming you to the Integrity and Ethics Conclave. We will send you an invitation flyer as early as possible.

For more information about the Guest Lecture Committee and the Conclave, kindly go through the attachment below.
