8. Brief Report

Symbiosis Centre for Information Technology (SCIT) is a premier IT-B School offering a two-year full-time MBA in Information Technology Business Management (ITBM) and an MBA in Data Sciences and Data Analytics (DS&DA). Each year, we host ***Dattansh - An Annual Analytics Conclave*** that explores emerging technologies and applications within the realm of Data Analytics.

The theme for the 6th edition of Dattansh is *Data Meraki: Data is Soul*. Meraki, a term denoting the act of doing something from the soul, with passion and creativity, serves as a fitting metaphor for our exploration into the world of data. In this age dominated by technology, we recognize that every facet of our existence is shaped by the profound insights and underlying patterns that manifest in data. In our context, we assert that "Data is soul." Our theme, Data Meraki, casts a comprehensive light on the multifaceted aspects of the technology-driven landscape.

The Sixth Edition of Dattansh will be held on 25th January 2024 at SCIT.

The theme for the 6th edition of Dattansh is Data Meraki: Data is Soul. Meraki, a term denoting the act of doing something from the soul, with passion and creativity, serves as a fitting metaphor for our exploration into the world of data. In this age dominated by technology, we recognize that every facet of our existence is shaped by the profound insights and underlying patterns that manifest in data. In our context, we assert that "Data is soul." Our theme, Data Meraki, casts a comprehensive light on the multifaceted aspects of the technology-driven landscape.
